

SCHOOL ANNUAL REPORT

SESSION 2020-2021

This session had been a new challenge for all the stakeholders of the school, be it teachers, students, or parents. Due to start of Covid pandemic and lockdown throughout the country, the start of the session was a bit delayed and full of hiccups. The transformation of regular teaching learning process in online mode was a challenge for the teachers as well as the learners, but with mutual cooperation & understanding both of them adjusted in the new setup very quickly & effectively. Once the format was habituated the sailing through the session was smooth. We must thank the teachers, students and the parents for showing the integrity with the school in these tough days and successful completion of the session.

HEARTIEST CONGRATULATIONS to All Students!!

Achieving academic excellence is at the heart of endeavor of our school. We are working to improve and better our academic performance every year and wish all the absolute best to our 2021 batch of students.

Curricular Activities

This Academic session was unique, challenging and a learning experience for the students & teachers due to conduct of online session almost throughout the session. All the learning, assessment and evaluation was conducted online. Even in these trying times, all the academic activities and assessments were conducted on time as per the plan, thanks to the relentless contribution of the teachers.

As every year, we celebrated the **Subject Weeks** to associate the textual knowledge with practical usage. May- English Week July- EVS/ Science Week Aug-Computer Week Sept-Hindi Week Oct –Maths Week Nov- Social Science Week, in all the classes with enthusiastic participation of the students in the related activities.

Co-curricular Activities

- **Fighting with the Corona Pandemic** by adopting better hygienic ways and changing lifestyles as well food habits to boost the body immunity remained at the centre stage of the activities conducted throughout the year for various classes. Apart from these-
- **Monthly Assemblies of Classes LKG to III** is the initiative to let the children gain confidence in facing the audience and discover their innate talents. Throughout the year these tiny tots got the opportunity to display their aptitude for speaking, singing, dancing and creating through these assemblies.
- **Eco Club troopers of Primary classes** celebrated Van Mahotsav, Nature Conservation Day, National Energy Conservation Day and other occasions in a quest to save our Mother Earth.
- **Ek Bharat Shreshtha Bharat Campaign** continued to let the Junior students discover more about different states of our lively country and its diversity in culture.
- Activities related to **Say No to Plastics, Road Safety Week, Swatchh Ganga Abhiyan & Chauri Chaura Centenary** kept the students of all classes inquisitive and engaged in contributing towards the betterment of the society.
- **Club Activities** of all classes were conducted online giving chance to the students to participate in Quiz, Debates, Speeches etc to enhance their knowledge on current issues.
- **Introduction of MUN** in this session brought new enthusiasm for the students of Junior section.
- **Celebration of Special Assemblies** to celebrate our National Days & festivals continued with full vigour.

Sports Activities- This academic year more stress was given to the Health & Physical Education (HPE) in the school curriculum, as physical & mental health of the students was the priority in this pandemic condition.

-Regular online classes were held to initiate **Yoga & Meditation** at all stages.

-**Fit India Activities** continued throughout the session.

Enrichment of Skills

- As a part of enrichment program in online teaching & techniques of better communication online CBSE workshops & seminars were attended by the teachers throughout the session.

- Senior students also attended the online workshop related to **Prevention of Cyber Crime** organized by Gautam Budh Nagar Police.

- **Pariksha Pe Charcha** an initiative by our hon 'able Prime Minister Shri Narendra Modi saw enthusiastic participation of students, teachers and parents equally.

Parents Interface

Cordial relationship with parents and attending every individual issue brought for attention helped the school to overcome the negativity brought in the life by the pandemic situation. We are thankful to our parent community for being incredibly supportive throughout the session.

PARENT TEACHER MEETS -To ensure active participation of parents in the teaching learning process during online sessions, apart from regular communication between the teachers and parents through WhatsApp groups, telephonic PTMs were also held at regular intervals during the session. The parents discussed the progress of their wards and put forward their issues that were actively resolved by the teachers.

New session has started in online mode only but with a brighter and clearer note, I hope and wish that with the experience & better technological handling the session will be more enriching & gratifying.
